

NEW!!

MEAT GRINDER/CHOPPER

The **ALFA MC-12** is designed and engineered to be used by commercial food service establishments including Hotels, Restaurants, Commissaries, Butcher Shops, Country Clubs, & Delicatessens. It is suitable for consumer applications as well, including legion halls, community centers, bed & breakfasts and outdoorsmen. This grinder features a heavy duty 1 HP motor that can grind 8-12 lbs. of product per minute. The Standard #12 Hub may also accept our GS-12 (Grater/Shredder/Slicer Attachment along with our TN-12 Meat Tenderizer Attachment). The unit comes with a Stainless Steel #12 Meat Grinder Head, Worm, (2) #12 Plates (1/8" & 3/16"), (2) #12 Knives, Pan, Sausage Stuffing Tube & Stomper. No oil changed is required as the motor comes grease packed. The ALFA MC-12 features CE, NSF & ETL approvals.

Warranty: 1 year parts & labor.
